Subject Views on Consultation on Health Care Reform

Urgent Return receipt Sign Encrypt

Dear S for H & B,

I think that the Government Pensioner should be exempted from the Health Care Contribution given the Pensioner can receive free medical and dental treatment life-long under the Pension Ordinance. It is not sensible for a Govt. Pensioner to make contribution after post-retirement employment.

Pls consider to give waiver to Pensioners, who can enjoy life-long free medical and dental benefit in formulating your policy on Health Care Reform.

Best Regards,

KC
