Dear Sir,

Please treat me as a proper vote on the objection in this 'Mandatory Medicial Fund'.

My detail is as below:

Name:

HKID:

Mobile:

Ever since the introduction of MPF years ago, we could see nothing good but the money lodged on the so-called 'mutual fund'. The growth of the fund house and the new financial derivatives make the market fluctuate a lot.

Most importantly, such new policy, as well as other poor policies such as labour laws, etc, reduce the interest for people doing small business. Please note that the succes of HK in the past was small business and the harding working man. You, poor Government, let people do nothing but collect free subsidies from the Welfare Department.

You know, I am only an employee but not boss and the personal income is less than \$20,000 per month. But what you do did upset us.

Please stop take my money to the Welfare Department especially for those strong man do not go to work!!! I am a people who work hard but without any benefit from you, poor Government.
