Dear Ladies & Gentleman :

I choose No.3 schemes in  
No.1 Tax-like Model .

From 1987 to 1994 consulted  
the Queen Mary Hospital ,because I had a  
terrible headache.During all those years I  
was advised to take the medicine given to  
me .

I think the doctor who treated  
me at the Queen Mary Hospital useless as  
he was not able to diagnose the cause of  
my headache .

Finding that it did not work, I  
consulted a private doctor at the French  
Couvent hospital .He told me that I had a  
tumour in my brian and told me to go  
through an operation.

The operation was done in 1994  
.After the operation ,I started to take  
medicine until 2004 .After taking medicine

for nearly ten years,I was fully recovered .  
I spent nearly HK\$150,000.00  
on both the operation.

( summary I see this book 4  
to 5 hours , very like )
