Subject opinion on medical plan

Dear Sirs,

This medical policy is just let insurance company and bank to earn interest as MPF. It is no gain on patients. HK Government should be taken liabilities to its people since we have paid Tax whatever direct or indirect. From 1997, HK government always try to give up its responsibility. It is impossible and so many people have bought medical insurance. If they want people to buy more, they can allow medical insurance as allowable expenses in tax. So I object this plan.

thanks!
