Subject I prefer stay in same system

Urgent Return receipt Sign Encrypt

I prefer stay in the same system, if the insurance company able to earn profit from our money, why not we just directly give to the gov, less handling fee, less charge, less paper work, if we need to pay more anyway, I'll prefer pay to gov, and our gov shouldn't play "politic". while hiring those new politic assitance, they should hire more doctor and nurse.

hiring those politic assitance to persuade those "opposite" legislator who people vote for. using media professionals to deceive hk people. the system is totally game of power in the waste of hk people welfare..

there is no true democracy, the gov not accepting oppiste opinion which indeed is driving our improvement.

I am disappointed to hk gov.
