Subject my opinion regarding healthcare reform

Urgent Return receipt Sign Encrypt

Dear Sir/Madam,

I would like to raise my concern regarding the captioned subject.

I am 41 years old, earning around HK\$35,000 per month. My salary seems to be quite good but like all other employee in private sector, my job security level is very low. I may not be able to work till normal retirement age.

Therefore, I would prefer to remain status quo in the current healthcare system. If the government is spending/subsidising too much, increase the fees. At the same time, provide safety net to the low/no income group.

Best regards
Claudia Leung
