Dear Sir,

Regarding the reform proposal, I would like to raise the following points for your consideration.

1. Most of the working force is already insured by medical insurance either purchased by employers or themselves. The set-up of the mandatory private health insurance will be a duplication to the existing plans. On the other hand, the Government can encourage the voluntary private health insurance through tax reduction.

2. The data sharing between private and public medical system is vital for enhancing the resources utilisation.

3. Heavy burden of those long term illness patient should be supported by taxpayers. Insurance can't provide a enough support to them.

Regards,

Lee Chi Kin
